TRANSMITTAL LETTER

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicant's representative wishes to clarify the reason for the inquiry to the credit card company. Inquiry was made to determine which Application was charged a fee of \$130.00, as there was no record of a fee of this amount charged on that date. However, payment of the fee was not refused at that time and a refund of the fee was requested. The credit card company was paid in full. The inquiry was only seeking additional information on the specific charge.

The inquiry was made so the IFW of the application could be checked to determine the reason for the fee. At this time, it is still not possible for Applicant's representative to determine if the \$130 fee was charged by the Office to correct an underpayment of a fee or whether the charge was due to a fee being incorrectly assigned to this application.

Applicant's representative wants to re-affirm his authorization of the Commissioner "to charge any additional fees now and in the future which may be due, including any fees for additional extension of time, or credit overpayment to credit card information."

If the Office determines the \$130 fee was correctly charged to this application, then a refund is not requested. A refund is only requested if the fee was incorrectly charged to this application.

Respectfully submitted,

Date: February 25, 2008
